

**BC Forest Safety Council**  
*Unsafe is Unacceptable*

To: Shadforth Log Scaling Ltd.  
From: BC Forest Safety Council, SAFE Companies  
Subject: BASE Audit  
Date: 14 May 2009

---

Congratulations! Your company's health and safety management system continues to meet the BCFSC SAFE Companies certification standard based on the information of the maintenance audit report submitted by Suzanne Watson.

The review was conducted by qualified health and safety professionals based on the information stated in the audit report. The purpose of the quality assurance review is to ensure the audit process being carried out and the report meets the requirements of BC Forest Safety Council auditing guidelines.

The overall score achieved in this audit is 89.2%. Enclosed please find a copy of the final BASE Audit report conducted on 23 Feb – 12 March 2009.

Your company's name will be updated on the SAFE Certified Companies list posted in the Council's website ([http://www.bcforestsafeco.org/content-program-safeco/safeco-07-06-01-SAFE\\_certified.pdf](http://www.bcforestsafeco.org/content-program-safeco/safeco-07-06-01-SAFE_certified.pdf)) during our next biweekly update.

The BC Forest Safety Council will also notify WorkSafeBC of your current status for the purpose of the Certificate of Recognition rebate.

For future reference, please note the following;

Your second maintenance audit is due on or before	30 September 2010
Your recertification audit is due on or before	20 March 2011

If you have any questions please contact the Quality Assurance Team in our Nanaimo Office. Thank you for your commitment to work safely as well as your leadership and participation in the SAFE Companies program.
