Enclosed please find the SEBASE Audit Review recently conducted by the SAFE Companies Quality Assurance Team. After review, your score was 24 points out of a possible 27 points based on the Employer with no Contractors criteria. Detailed results, recommendations, notes and suggestions for continual improvement are provided for your review. The notes and continual improvement suggestions that the reviewers added are issues that did not affect scoring for this audit.

A key belief of the Forest Safety Accord is the commitment to continual improvement. Please include a copy of your Corrective Action Log entries for the deficiencies identified in the attached Review with your next audit submission to show continual improvement.

A new SAFE Companies certificate valid for 3 years will be sent to you shortly.

Thank you for your commitment to safety and participation in the SAFE Companies program.
